RE: 2010 Street Reconstruction Projects

Dear Resident:

As you may recall, last fall you were notified that the City of Edina initiated the process of roadway and utility improvements for the summer of 2010 for your neighborhood and you were invited to an open house October 9, 2008, to learn more about the process.

Once again, you are invited to attend an informational meeting Monday, September 14, 7:00-9:00 p.m., in the Council Chambers, located at 4801 W. 50th Street. The meeting will consist of a 20 minute presentation every half-hour beginning at 7:30 p.m. The presentation will cover topics such as "How are streets selected for reconstruction; Who funds the project; Special Assessment; What can I expect during construction; How can I stay informed." The exact amount that you will be assessed for this project will not be available in time for the open house; however, based on past projects, you can expect the amount to be between \$8,000 to \$15,000.

The same information that was presented last fall will be presented again; therefore, if you were in attendance last fall, you do not need to attend this meeting.

To prepare for the meeting, please review "A Guide to Edina's Street Reconstruction Process" on our website at http://www.cityofedina.com/Departments/L4-17a_ConstructionProjects.htm. Scroll down to the middle of the page and click on "brochure" to the right on your screen. If you do not have access to a computer, please call 952-826-0371 to request a brochure.

If you are unable to attend the meeting please contact Jack Sullivan at 952-826-0445 to make arrangements to receive the presentation.

Sincerely,

Wayne D. Houle, P.E.
Director of Public Works
and City Engineer
